

Home Learning Week 2 Term 1 2018

Hi wonderful 5/6 students. It is so exciting to be starting a brand new year with you. Here is the first homework for the year and it is values based focusing on our unit value of Endeavour.

Task 1. Write an acrostic poem using each of the letters of Endeavour. The words you choose are what you think endeavour means or represents to you.

Task 2 Think about the people in your life that inspire you and how they show endeavour

- Think of a relative or family member. Write something about this person and a time when you know that they showed endeavour to achieve something. What did they achieve and how did they do this?
- Think of a friend from school or outside school. Write something about this person and a time when you know that they showed endeavour to achieve something. What did they achieve and how did they do this?
- Think of someone in the world community (it could be from the field of sport, arts, medicine, politics, causes etc.) and write about how they had to show endeavour to be where they are or achieve what they have. What did they achieve and how did they do this.

Present your work in a poster or electronically to share with the class.

Task 3 Spelling words: endeavour, strive, achievement, goal, persistence, persevere, success, problems, powerful, driven, momentum, reward.

Task 4 Challenges on Manga High. These are set at 3 different levels. You can choose a level that you think suits your understanding or try all 3!

Home learning is due on Monday 12th February. Have fun! We are so looking forward to hearing about your thoughts on Endeavour and the people in your life who show it! Power on!!!
